Carry tank to sink.Rotate tank cap counter-clockwise and lift up to remove cap (B).Fill tank to fill line with warm water.Turn cap upside down to serve as a measuring cap.For FloorMate FH40150 Series, fill measuring cap to fill line once (3/4 oz - 22 ml) with Hoover® 2x Multi-Floor Plus Cleaning Solution and pour cleaning concentrate into Solution Tank. For FloorMate Deluxe FH40160/FH40165/FH40170 Series, fill measuring cap to fill line twice (1.5 oz - 44 ml) and pour cleaning concentrate into Solution Tank.Replace cap. Rotate cap clockwise until it locks in place (C). Cap must be locked in place for proper performance and to prevent leaking.Slide tank straight into position until latch snaps in place.Dirty Water Tank (left side when facing unit)When to EmptyAn automatic suction shut-off is built into the dirty water tank to prevent the tank from overflowing.When the shut-off activates, the cleaner will not pick up water or debris and the sound of the motor will change. The dirty water tank is full and must be emptied.When to EmptyTo remove tank, press down on release button (A) and pull tank straight out.Release tabs (B & C) on each side of the dirty water tank to unlock the top portion of the tank.Pull up on tank lid to separate from the base.Pour dirty water into sink.Check foam filter for debris before reassembly. If filter has debris, rinse with water.When finished emptying the tank, simply place lid back onto the tank and make sure to latch the tabs on each side back into the locked position.Tilt tank straight into position until latch snaps in place.CLEANING THE NOZZLEThe cleaner's nozzle can be removed for easy cleaning.Pull on nozzle release latch (A) upward.Remove nozzle by rotating nozzle. Rinse nozzle under running water. Remove debris from squeegee (C) and wipe with a damp cloth.To reattach nozzle, tilt cleaner backwards so the front of the foot is 2-3" off of the floor. Secure upper handle with one hand and align nozzle squeegee with base from left to right with your other hand.Simply rotate nozzle upward to lock in place.Newest Added: FH50240 BH57000 CH32008 WH20100 BH53020Series: FH40150 Series,FH40160 Series, FH40165 Series, FH40170 SeriesTags: Hoover FH50240, Hoover Smart Wash Carpet Cleaner, Hoover Uh72630, Hoover High Performance 3, Hoover CH32008, Hoover Fh50251, Hoover Wh20100 Service Manual The new Floormate Deluxe allows you to dispense cleaning solution and water onto your sealed floors. The patented SpinScrub brushes are counter-rotating to wash and scrub hard floors from all angles. The motion mimics hands-and-knees cleaning, and does the scrubbing for you. The high-powered suction and squeegee pull the dirty water off of your floor into a separate, easy-to-empty, dirty water tank. The easy to use product leaves behind a deep down clean. We're confident that the Floormate Deluxe will stand up to dirt and grime that might have accumulated on your floor, as the counter-rotating brushes wash and scrub hard floors from all angles. If you're having trouble getting something up, just pour slightly diluted detergent (or full strength for the really tough spots) directly on the floor, and allow it to soak. This loosens the dirt, and then you can clean it with the Floormate Deluxe. If the Floormate Deluxe doesn't live up to your expectations, you will have 30 days to send it back for a full refund. The Hoover Floormate Deluxe can be used on any sealed hard floor. As a general rule, any floor that you would normally clean with water and a scrub brush, is fine with the Floormate Deluxe. We include both tile & grout brush as well as a hard wood brush to safely clean all sealed floor types. If you're not sure how the floor should be cleaned, or are worried there could be damage, just check with the flooring manufacturer and see how they suggest cleaning it. The Floormate Deluxe does a superior job on sealed floors. The Floormate Deluxe is designed for easy cleaning. The brushes are easily removable for easy cleaning, while the Dual Tank Technology allows you to easily dispose of dirty water and rinse for a thorough clean. We've made it as easy as possible for you to keep your floors and your Floormate Deluxe looking brand new. With it being this easy to clean, and it cleaning your sealed hard floors so well, there's really no risk. We've designed a brush specifically for getting into the hard to reach grout lines. It's a stiffer brush to scrub tile and grout better than any Floormate model we've made before. If the Floormate Deluxe doesn't live up to your expectations, you will have 30 days to send it back for a full refund. The Floormate Deluxe is designed to be used on hard floors rather than carpet. With the Floormate Deluxe, we focused on what the Floormate Deluxe is really made to do: scrub, wash and dry the floors. It eliminates your need to scrub on your hands and knees, and it does a fantastic job. It's really important to not use harsh or abrasive cleaning products with you Floormate Deluxe. The inner rubber tubes can get corroded over time by some cleaning products, and damage like that isn't covered by the warranty. Our cleaning solutions will do a great job cleaning the floor and they're safe for your Floormate Deluxe, your family, and the environment. We've been sure to not sacrifice any of the performance of our solutions in our quest to make a safer cleaning detergent. The FloorMate Deluxe continuously suctions up excess water, even while operating on wash mode. Upon switching to dry mode, the product lifts the SpinScrub brushes into the product, and increases suction to remove excess water. The FloorMate Deluxe also features a squeegee to easily remove dirty water from your floors. These features combine to leave your floors both clean and dry.
