The Bible says... CHECK it out to MAKE SURE it's true. If it sounds fishy, check it out to clarify if it's really true. If it sounds good, check it out to confirm that it's true. If it sounds too good to be true, check it out to verify that it's true. If it's Chuck Missler Genesis 5, check it out to make sure it's true and I know that he himself would agree, as he often reminded his audience "Don't believe me". what I learn and what I accept as true: "Prove all things; hold fast that which is good." 1 Thessalonians 5:21(ESV) "These were more noble than those in Thessalonica, in that they received the word with all readiness of mind, and searched the scriptures daily, whether those things were so." Acts 17:11 (ESV) Chuck Missler - his passion for the Scriptures impacted my life When I heard the message by Chuck Missler on Genesis chapter 5 some years ago, he really challenged me with the information he presented. To be honest, I did not believe it could be true, and it definitely felt like one of those "too good to be true" moments. But I responded to the challenge, and checked it out for myself. What I found was a fascinating gem just waiting to be discovered. Now I am challenging you to do the same, check it out. I think you will be left with your mouth wide open, just as I was, when you realize what you have discovered. Listening to Chuck Missler's messages on the Bible in 24 hours in 2010 reinvigorated my passion for deeper Bible study. While his engaging presentation captivated me, it was his nack for picking up little details and analyzing them that impressed me. Sadly, Chuck Missler passed away on May 1, 2018. I can just imagine what hidden treasures his inquisitive mind is discovering in heaven.
