The first impression is the best impression. I am sure that you had heard the saying before. For the same reason, you should make the best possible first impression on your audience. In case you don't, they won't visit your website for the second time. Being a non-coder, you may not be able to bring beauty to the website design. That's where the importance of templates kicks in. If you have a Joomla website, it's time for you to relax because I am going to give you ten of the best free Joomla templates. Most of these free templates are available to use commercial and non-commercial purpose. You can use all the templates from JoomDev for any purpose without any restriction but I will suggest you read the term and conditions for other developers to use their free Joomla templates. Free Joomla Templates to Beautify Your Website I have handpicked all the templates featured here. So, you will get the best design, SEO friendliness, responsive, and feature-rich templates. So, shall we begin? Here you go! JD Paris - Free School Joomla Template JD Paris is another Free Joomla template which is released for school, universities and other educational institutes. So if you are running out of the budget and want to develop a website for your school, get a copy of JD Paris and start replacing the content. JD Paris free Joomla template is powered with the Astroid framework and the latest version of Bootstrap which makes it easy to use and customize. Key Features Centralized website management settings.Easy to use and customize.Mega menu builder.Drag and drop layout builder.Perfectly working with TZ Portfolio+.Showcase your staff with JD Profiler.Get applications online with the help of the JD Simple Contact Form.Showcase testimonials and build trust among your audience.JD Seattle - Free Business Joomla Template JD Seattle - Free Business Joomla Template On the occasion of 13th birthday of Joomla, we decided to gift all Joomla users a modern premium quality Joomla template for free and we released JD Seattle. JD Seattle is a modern and fast loading Free Joomla template best suitable for business, startup or agency websites. So if you are on a tight budget and looking for the best Joomla template, JD Seattle is the perfect choice for you.JD Seattle is a powered with Astroid framework and Bootstrap 4. Its drag and drop interface enhanced its flexibility and enable you to customize the layout as you want. Key Features Powered with Astroid Framework and Bootstrap 4.Drag and drop InterfaceVisual mega menu builderSupport all third party extensionsCompatible with all intelligent browsersCreative blog layoutPredefine additional pages like coming soon, 404 page, contact us, about us, services, service inner etc pages. The inbuilt module like Skill counter, testimonial, gallery, blog, pricing table etc Astroid: Free Joomla Template & Joomla Framework Astroid is the latest one of the most powerful free website template framework for Joomla, developed by Joomdev. This feature-rich Joomla framework can be used as a standalone template and you can easily customize it to build your own Joomla template or website. Astroid allows endless possibilities to the users, provide an extensive number of the feature list, which make your Joomla site development even more convenient. Astroid is 100% responsive, reconcilable with the all the screens and the major browsers, besides that it offers multiple header layouts, full width and boxed layout options, Additional coming soon and error pages, a vast list of social icons, custom code and much more. JD Austin Joomla Template JD Austin is one of the best and latest free Multipurpose Joomla Template which you can use to make any kind of business related websites. It is a fully responsive and search engine optimized template which really help you in boosting your search rankings. There are various inbuilt modules like Team, Services and Portfolio Showcase which are the key elements in any kind of Business website. Key features Fully Responsive DesignSEO Optimised to Boost RankingsAnd Lightweight - Increase Website SpeedPowerful Admin Panel and layout builderChronoform and working form contactCross browser compatibilityBox and wide layoutFully CustomizableCustom built default pagesTeam and Portfolio Showcase JD Chicago - Free Multipurpose Responsive Joomla Template JD Chicago is another multi-concept Multipurpose Joomla Template. This theme design makes excellent use of large images, parallax effects, and elegant, light typography. It supports VirtueMart Integration possesses all the required features for a full-fledged e-commerce store. JD Chicago Free Multipurpose Joomla Template is fully responsive, SEO optimized and compatible with all the major and commonly used browsers. JD Chicago supports all the default Joomla layout pages like content, category, contacts, 404 and others. Key features Fully Responsive TemplateFully SEO Friendly TemplateClean And Lightweight - Increase Website SpeedPowerful Admin Panel and layout builderTranslation and multilingual ready.Cross browser compatibilityMegaMenu and drop-down menu.Drag and Drop Builder IntegrationInbuilt VirtueMart IntegrationCSS3 Animation Effects JD NewYork - Free Multipurpose Joomla Template When you own a company that deals with clients, you have to present a gist of what you offer on the homepage itself. Most of the portfolio templates do the same but in a cluttered manner. JD New York, on the other hand, uses less CSS to bring the most addictive browsing experience before your eyes. The template is built on top of Helix 3 Framework, and you can use it for both personal and commercial purposes without paying even a single penny. The mega-menu along with the logo and top bar of contacts remains as a floating item. JD Atlanta Are you planning to make a website and collect emails for lead generation? If you choose to go with Joomla CMS, you must get your hands on JD Atlanta. The theme is developed specifically for email list builders. The homepage includes a lot of content modules. You can even feature the latest posts from your blog to give an insight of the same to your audience. The template is responsive and search engine friendly. You will not get any issues in using it on the latest version of Joomla. It supports all the important third-party extensions like K2, Jevents, and Kunena. JD Boston - Free multipurpose Joomla Template You may not know this. But we JoomDev also develop free Joomla templates. JD Boston is one of the finest templates available today. You get a complete package containing the template files, PSD, and quick starter guide too. Being super-responsive, it can adapt to any screen size. Moreover, you don't have to worry about SEO. Our developers made it sure that the template contains only search engine-friendly codes. JD Miami - Free Template for Joomla Are you looking for a fast-loading and lightweight Joomla template? Then, your quest ends here. JD Miami is one such template that has a lot of useful features. If you want to sell something via your website, JD Miami will boost your efforts by allowing you to add pricing tables. We have also included features like testimonials, Slider, Tabs, ACY mailing, blog, etc. JD NewJersey - Business and eCommerce Joomla Template for Free JD New Jersey is another multipurpose Joomla template from our team. You can customize the 20+ content modules available on the homepage to change the look and feel of the website. The slider and pricing table will help you present your products in an elegant and ordered fashion. You can use the template for both commercial and personal purposes. No strings attached! JPeople JPeople is an excellent free Joomla template with a fabulous layout. You will fall in love with it even when you check out the demo. It includes an image slider just below the navigation bar. With a little coding knowledge, you can change it any way you want. They even included a login form that helps you make a membership site. Inside the layout, you can find out about a dozen of useful modules. JSN Dona The purpose of every website is different. That's why I am sharing a multi-purpose template here first. You can use this template for different purposes. Even when you check out the demo, you will get to know about the multi-purpose nature. The template is so well-coded that you will not get any troubles with. Yeah, it is compatible with all Joomla 3.x versions as well. 002032 From Astemplates The template I am talking about here lacks a fancy name. Still, it tops to in the list of best Joomla templates available for free. You can avail it in two different versions, free and premium. If you like the free version, you can go for the premium version for more features without any hesitation. The template has a three column layout, and it supports 60+ web fonts. You can embed Google Maps with ease as it has a Maps plugin inbuilt. JA Simpli Another multipurpose template is here. You can use it for portfolios to personal blogs. It comes with four different premade homepage templates. You can change the design in any way you want without getting your hands dirty with complicated codes. They have a theme customizer for that. The template uses no framework and makes it lightweight. The developers have tested it with some third-party plugins, and it worked like a charm. Helix 3 Helix 3 suits the best for portfolio websites. You will get a set of 670 icons and support for multiple fonts. If you want sticky headers, you can do that too. The template gives an option to upload different logos for desktop, mobile and retina displays. You won't get incompatible issues with any browsers as it comes with cross-browser support. Wrapping Up You have got ten of the best Joomla templates for you. What do you think? Which one did you choose? Do you have any suggestions for our next Joomla template? Don't forget to leave your thoughts in the comment section below. Moreover, we appreciate if you share this article on social media. Let people know the incredible stuff available for free on the web.
